### **Negative certificate GEMA fees / music subscription**

We hereby certify that all music tracks of the streaming subscription MY! UNLIMITED FREE by MOVE YA! Lifestyle Kontor GmbH contains GEMA-free music without exception, because the composers and arrangers are no GEMA members.

In connection with a current invoice document of the MOVE YA! Lifestyle Kontor GmbH as proof for the acquisition of the licence to use our streams we hereby authorise our subscribers to perform publicly within business premises. However, we point out that in case of branch operations (business premises at different locations) a separate licence is required for each location.

OUT OF CURRENT CASE, we grant a time-limited (30 days after conclusion) permission for the usage of our music within the scope of media productions on the Internet, allowing our GEMA-free music to be used free of charge to accompany online courses / streaming or video sessions.

The revocable, time-limited license right for the (also commercial) use of video material, which was produced using our publishing repertoire, is valid until 15.05.20 at the latest.

The use of the license for permanently available videos is subject to a notification obligation regarding the author, the title used and the name/type of project sent by email to info@move-ya.de, and is subject to costs if used for a period of time beyond the license-free period. The fees are based on our fee rates on our homepage (www.my-productionmusic.de)

This document was created automatically and is valid without signature.
